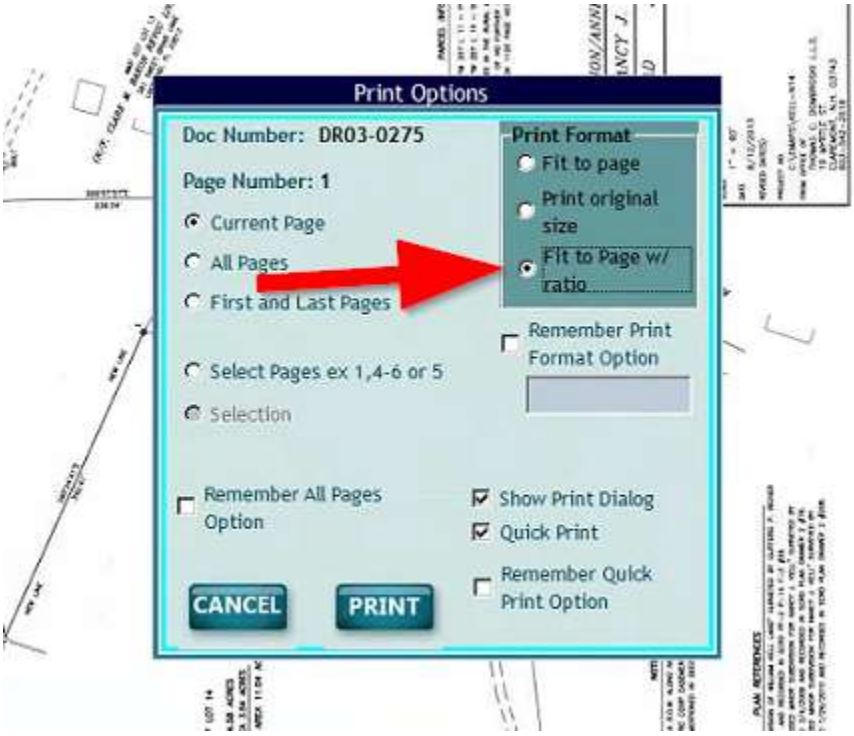
How to print Plans from Laredo:

New PRINT features in version 8.5.4 or highter:

The version will be in the lower left corner of Laredo.



For printing plans to any size other than ‘Letter size’, Choose the “Fit to Page w/ratio” option.

This will keep the original ratio of the image.

The “Show Print Dialog” option will pop up you print box before printing.

The “Quick Print” option will print NOW and not go to the Prints menu.
